

Where Do I Go, Joe Lieberman?

You have just been the victim of a brutal rape. An ambulance takes you to the nearest hospital. You ask for a day-after pill to prevent a pregnancy from this horrible attack. The hospital says “No!”

What is Joe Lieberman’s position?

Lieberman supports the approach of the Catholic hospitals when it comes to contraceptives for rape victims.

Lieberman said he believes hospitals that refuse to give contraceptives to rape victims for “principled reasons” shouldn’t be forced to do so.

“In Connecticut, it shouldn’t take more than a short ride to get to another hospital,” he said.

What does NOW think?

“His failure to support women’s rights at a time when they are most severely threatened by a Supreme Court Justice whose record is replete with contempt for same, makes it highly unlikely that CT NOW will support Lieberman in his bid for re-election.”
